## SCHOOL REPORT.

---

*To the Citizens of Weare :*

We sometimes think it is time and words thrown away for your Committee to address you with any remarks thought proper and fitting for you to consider, suggested through a more thorough knowledge of your schools, than you are at the trouble to secure by your own personal effort. It is very likely the number is confined to the few who read the annual school report with any great degree of interest, or who feel whatever is said belongs to them.

We do not purpose to come to you in the spirit of complaint and dissatisfaction. If any one is in the dark as regards individual duty in connection with our schools, let him look up a few copies of school reports, written for his consideration in the past.

The Committee have been faithful, telling you from year to year just what you ought to do. Have you heeded that counsel and advice? If you have not listened to them and appreciated their efforts, we can hardly expect you to observe us.

But we trust you have considered and observed many things, if not all; and especially are we able to record an improvement, during the past year, on the part of the Prudential Committee, in a careful selection of teachers.

They have been teachers of experience, and particularly fitted for the schools to which they were called.

No complaints, nor disturbances worthy of record. This is just as it should be. If you can correct one evil which has been pointed out to you in the past, you can correct others.

We hope no obstacle, which may be in your power to remove, will be allowed to prevent the continued progress of our schools.

## DISTRICT No. 1.—North-Western.

Prudential Committee, Nathaniel P. Peaslee. Both terms taught by Miss Lottie M. Newton, of Henniker.

Summer Term, 7 weeks. Wages, \$30. No. of pupils, 16; average attendance, 14; tardiness, 3; dismissed, 1; not absent one half-day, 11; number visits, 18; reading, 16; spelling, 16; penmanship, 10; arithmetic, 11; geography, 7; grammar, 2; book-keeping, 1; vocal music, 11.

Fall Term, 9 weeks. Wages, \$28. No. pupils, 17; average attendance, 16; tardiness, 4; dismissed, 1; not absent one half-day, 9; visits, 25; reading and spelling, 17; penmanship, 9; arithmetic, 12; geography, 6; grammar, 3; book-keeping, 1; vocal music, 15.

Miss Newton is an experienced teacher, and has, we think, lost nothing from her former reputation in conducting this school. The progress made in the different branches was fair. The closing exercises of both terms were very pleasing.

W. L. C.

## DISTRICT No. 2.—North Weare.

Prudential Committee, Mrs. Eunice H. Chase.

Summer term, 8 weeks. Mrs. Eunice H. Chase, teacher. Wages, \$34. No. pupils, 35; average attendance, 29; not absent one-half day, 6; tardy, 29; dismissed, 5; visits, 28; reading and spelling, 35; penmanship, 23; arithmetic, 24; geography, 24; grammar, 10; composition, 15; U. S. history, 9; physiology, 1; book-keeping, 2; English history, 1.

We think Mrs. Chase deserves the thanks of the district for taking charge of this school. We were in the habit of "dropping in" at "various odd times and intervals," and always found the interest good, both in teacher and scholars. The progress made was very satisfactory.

Fall and Winter terms taught by Medora Edmunds, of Weare. Fall term, 11 weeks. Wages, \$36. No. pupils, 37; average attendance, 32; tardy, 28; dismissed, 19; not absent one half-day, 11; visits, 41; reading and spelling, 37; penmanship, 30; arithmetic, 28; geography, 24; grammar, 7; composition, 17; U. S. history, 5; physiology, 1.

Winter term, 8 weeks. Wages, \$40. No. pupils, 29; average attendance, 22; tardy, 58; dismissed, 14; not absent one half-day, 4; visits, 38; reading and spelling, 29;

penmanship, 24; arithmetic, 27; geography, 21; grammar, 7; composition, 9; U. S. history, 4; physiology, 1.

This school is composed principally of young pupils, but their readiness in answering was very commendable, and worthy of older scholars. The reading was particularly fine. With Miss Edmunds as teacher, success is certain.

W. L. C.

### DISTRICT No. 3.—Rockland.

Prudential Committee, Jerry Kane.

Summer term, 10 weeks, taught by Sarah M. Chase, of Weare. Wages, \$24. No. pupils, 39; average attendance, 32; tardy, 69; dismissed, 7; not absent one half-day, 7; reading and spelling, 39; penmanship, 17; arithmetic, 25; grammar, 3; geography, 13; composition, 13.

Miss Chase labored hard to get the good will of the scholars, which enabled her to go through the school so well. It requires a teacher of much experience to accomplish great things in this school, but we see signs of improvement, and hope this may become one of our best schools.

Fall term, 8 weeks. Wages, \$30. No. scholars, 37; average, 32; tardy, 104; dismissed small scholars each day; not absent one half-day, 11; visits, 14; reading and spelling, 37; penmanship, 23; arithmetic, 27; geography, 12; grammar, 4; composition, 4.

This term was commenced by Miss Buckman, of Henniker, a teacher of much experience, who, after one week's labor, had a call to teach in another place. Had she been permitted to go through the school, we have no hesitancy in saying we should have had an excellent term of school. The remainder of the term was very successfully taught by Nellie M. Peabody, a teacher of experience, and a hard worker.

Winter term, 10 weeks, taught by W. M. Warner. Wages, \$36. No. scholars, 48; average, 37; tardy, 229; dismissed, 5; not absent one half-day, 8; visits, 14; reading and spelling, 48; penmanship, 42; arithmetic, 35; grammar, 8; geography, 13; composition, 19.

Mr. Warner has had but little experience in school, yet the success which has attended his efforts during this term

fully warrants us in saying that he has not mistaken his calling, and that with age and experience he may become one of our best teachers. Secure his services again, if possible.

B. F. C.

#### DISTRICT No. 4.—Sugar Hill.

Prudential Committee, Otis F. Jewell.

Summer term, 10 weeks. Belle M. Holmes, teacher. Wages, \$24. No. pupils, 23; average, 15; tardy, 38; dismissed, 4; not absent one half-day, 3; visits, 23; reading and spelling, 23; penmanship, 16; arithmetic, 18; geography, 9; grammar, 5; composition, 12; drawing, 8.

Miss Holmes's method of instruction was different from that of former teachers; consequently it took longer for the scholars to get to work, but through continued patience and perseverance she accomplished more than we thought at our first visit of being able to report.

Winter term taught by F. F. Foster.

Mr. Foster came before this school with much experience. He did not confine himself so much to books as a good many teachers do, but labored hard to instruct his scholars while at school in those things they are to practice in after life. His success was all we could expect.

B. F. C.

#### DISTRICT No. 5.—Clinton Grove.

Prudential Committee, J. Brooks Philbrick.

Charles H. Jones continues in charge of the high school in this district, assisted by Miss A. F. Cobb. The scholars in the district receive twenty weeks of school during the current year, it being optional with the parents which terms their children attend.

It is hardly possible to overrate the benefits to be derived from a school of this kind, presenting as it does the advantage of the seminary combined with the cheapness and convenience of the district school. Long may it continue.

W. L. C.

#### DISTRICT No. 6.—Centre.

Prudential Committee, Joseph V. Bowie.

Three terms, all taught by Miss Delia A. Jewell, of Weare. Summer term, 8 weeks. Wages, \$34. No. of

pupils, 35; average, 31; tardy, 38; dismissed, 8; not absent one half-day, 7; visits, 36; reading and spelling, 35; penmanship, 23; arithmetic, 28; geography, 16; grammar, 7; composition, 4; map drawing, 7; algebra, 1.

Fall term, 8 weeks. Wages, \$34. No. of pupils, 38; average, 32; tardy, 69; dismissed, 15; not absent one half-day, 7; visits, 31; reading and spelling, 38; penmanship, 27; arithmetic, 30; geography, 12; grammar, 7; composition, 4; physiology, 3; book-keeping, 2; algebra, 1.

The winter school, still in session, makes the fifth term taught by Miss Jewell in this district. This fact alone indicates the high estimation in which her services are justly held by the people of this district.

W. L. C.

#### DISTRICT No. 7.—East Weare.

Prudential Committee, Bussell Barnard.

Summer term 9 weeks, taught by Alice P. Cilley, of Dunbarton. Wages, \$28. No. of pupils, 24; average, 21; tardy, 8; dismissed, 3; not absent one half-day, 3; reading and spelling, 24; penmanship, 21; arithmetic, 19; geography, 9; grammar, 3; composition, 3; history, 1; book-keeping, 2.

This was Miss Cilley's second term in this district, and being a teacher of experience and one who loves the occupation, knew how to interest her scholars and keep them at work; consequently, a successful school. We hope that Miss Cilley's services may long be retained in town.

Fall and Winter terms taught by Etta L. Smith, of Weare. Miss Smith entered this school under very embarrassing circumstances, it being in her own district, and also there being a misunderstanding with regard to hiring the former teacher; but Miss Smith possessed excellent literary and musical qualifications, which being cheerfully bestowed upon her pupils, enabled her to overcome much of the difficulty which otherwise would have proved a hindrance to the progress of the school. This school has made excellent improvement during the past two terms, and the teacher's efforts have been nobly seconded by the timely aid of Mrs. Bussell Barnard and others in hiring an organ for the school.

I very much regret that there are not more organs and more teachers of music employed in our common schools.

The minds of the young scholars need rest, or the labors of the school-room become dull and monotonous to them, and there is no way that those minds can obtain rest to so good an advantage as by singing some cheerful song. The impression made upon the mind is lasting, and the result beneficial. There is one thing in particular that we are happy to report as an evidence of growing interest in this school, and that is the increased number of parents and others who have visited this school from time to time during the past term, and who were present at the examination. I hope that parents will continue to show to their children that they have an interest in them while at school, by often visiting them there.

B. F. C.

#### DISTRICT No. 8.—South Weare.

Prudential Committee, Jonathan Buxton, Josiah H. Nichols, Hiram D. Osborne.

Summer term, 8 weeks. Julia A. Dearborn, of Weare, teacher. Wages, \$28. No. pupils, 22; average, 17; tardy, 9; visits, 15; reading and spelling, 22; penmanship, 22; arithmetic, 18; geography, 12; grammar, 6; composition, 5.

We here note the advantage of thorough preparation before entering upon the work of teaching. Miss Dearborn is a thorough scholar, and in every way proved herself well fitted to enter upon her work as a teacher. She realized that she must have the love and confidence of her pupils—that *they* must understand the necessity of order and system in all their school work, and of learning thoroughly whatever they attempted. Her efforts for the improvement of the school were highly successful.

Fall and winter terms taught by Alice L. Smith, of Weare. Fall term 9 weeks. Wages, \$36; Number pupils, 32; average, 27; tardy, 60; dismissed, 39; not absent one half day, 2; visits, 20; reading and spelling, 32; penmanship, 21; arithmetic, 28; geography, 14; grammar, 20; composition 2; United States history, 2; book-keeping, 2.

Winter term, 11 weeks. Wages, \$40. Number, pupils 37; average, 30; tardy, 81; dismissed, 36; not absent one half day, 3; visits, 20; reading and spelling, 37; penmanship, 19; arithmetic, 33; geography, 20; grammar, 27; composition, 7; book-keeping, 6.

We are satisfied no one better fitted for this school could have been selected. Aided by her past experience as a teacher in our schools, and possessing an aptness and love for her work, Miss Smith was free and independent, not confined to text-books in conducting the class recitations. Having conquered principles herself, she is able to communicate them in a way to be understood by her pupils. We noticed this particularly in grammar and book-keeping. We are glad to notice an improvement on the part of parents in visiting the school. D.

#### DISTRICT No. 9.—Barnard Hill.

Prudential Committee, John B. Favor.

Summer term, 7 weeks, taught by Sarah J. Favor. Wages, \$16. No. of scholars, 9; average, 8; tardy, 3; not absent one half day, 4; visits, 8; reading and spelling, 9; penmanship, 6; arithmetic, 7; geography, 5; grammar, 1; history, 1.

This is Miss Favor's fifth term with this school, which shows that her labors are appreciated by the district. Of the school the teacher says: "The scholars have been punctual in their attendance and faithful in their studies."

Winter term, 10 weeks, taught by Fred Eaton. Wages, \$30. No. of scholars, 11; average, 9; tardy, 9; dismissed, 5; not absent one-half day, 1; visits, 28; reading and spelling, 11; penmanship, 6; arithmetic, 11; grammar, 1; geography, 7.

This being Mr. Eaton's first effort at teaching, he labored faithfully with this small school, and accomplished much. Mr. Eaton is a faithful, earnest worker and one that will succeed well.

B. F. C.

#### DISTRICT No. 10.—River Road.

Prudential Committee, Paige M. Barnard.

Summer term, 10 weeks, taught by Etta L. Smith, of Weare. Wages, \$24. No. of scholars, 14; average, 13; tardy, 6; dismissed, 6; not absent one half day, 3; visits, 33; reading and spelling, 14; penmanship, 7; arithmetic, 7; geography, 5; grammar, 1.

This was Miss Smith's first effort at teaching, and we were pleased with the zeal and enthusiasm with which she entered into every thing she attempted to teach. She was

successful in awakening a lively interest in the minds of her pupils, and by so doing made great improvement in studies pursued.

Winter term, 9 weeks, taught by Dennis R. Chase, of Deering. Wages, \$28. No. of scholars, 20; average, 16; tardy, 8; dismissed, 7; not absent one half day, 9; visits, 12; reading and spelling, 20; penmanship, 15; arithmetic, 17; geography, 10; grammar, 4.

Mr. Chase came before this school as a teacher of experience, and one who is in the habit of maintaining good order in school, therefore we were not at all surprised in finding a quiet and orderly school. We hope that Mr. Chase may be engaged in town during the present year.

B. F. C.

#### DISTRICT No. 11.—Mountain.

Prudential Committee, William Flanders.

Summer and Winter terms both taught by Millie C. Waldo, of New Boston.

Summer term, 9 weeks. Wages, \$24. No. of pupils, 12; average, 10; tardy, 38; visits, 18; reading and spelling, 12; penmanship, 5; arithmetic, 7; geography, 2; grammar, 4.

Winter term, 12 weeks. Wages, \$28. No. pupils, 13; average, 11; tardy, 65; dismissed, 5; not absent one half day, 3; visits, 18; reading and spelling, 13; penmanship, 7; arithmetic, 10; geography, 3; grammar, 4.

The Committee was fortunate in securing the services of Miss Waldo for this school, and wise in our opinion in keeping her through both terms. We speak of her only in the most favorable terms as a teacher.

D.

#### DISTRICT No. 12.—Buxton's.

Prudential Committee, George W. Colby.

Summer and Winter terms both taught by Ida E. Sleeper.

Summer term, 10 weeks. Wages, \$24. No. of scholars, 10; average, 8; tardy, 6; not absent one half day, 5; visits, 30; reading and spelling, 10; penmanship, 8; arithmetic, 10; geography, 7; composition, 9; U. S. history, 2.

Winter term, 11 weeks. Wages, \$29. No. of pupils, 13; average, 10; tardy, 5; not absent one half day, 4; visits, 19; reading and spelling, 13; penmanship, 13; arithmetic, 13; geography, 10; composition, 4; book-keeping, 3.

Miss Sleeper here met with her usual good success as a teacher. It was gratifying to notice the advancement made by most of the pupils, during the two terms. No time seemed to be lost, either by teacher or pupils, and we judge what was committed was thoroughly committed and will be remembered.

D.

#### DISTRICT No. 13.—Dearborn's.

Prudential Committee, Frank Flanders.

Summer term, 7 weeks, taught by Mrs. Ellen A. Gould, of Weare. Wages, \$20. No. pupils, 13; average, 12; tardy, 10; dismissed, 4; not absent one half day, 4; visits, 9; reading and spelling, 13; penmanship, 4; arithmetic, 8; geography, 6; grammar, 2; vocal music, 13.

Mrs. Gould, a resident of the district, understanding the nature of the school, and possessing the natural ability to win the confidence and love of children, was able to do a good work for this school. The result of her labors was satisfactory.

Winter term, 8 weeks, taught by Jason P. Dearborn, of Weare. Wages, \$30. No. pupils, 14; average, 12; tardy, 3; dismissed, 4; not absent one-half day, 3; visits, 10; reading and spelling, 14; penmanship, 10; arithmetic, 12; geography, 8; grammar, 6.

Of our own labors we leave others to judge. But very few instances of tardiness and absence from the school unless caused by sickness: we think the parents worthy of much credit for this, and believe it generally lies in their power to prevent the injury done to schools and scholars through tardiness and absence from recitations.

D.

#### DISTRICT No. 14.—Oil Mill.

Prudential Committee, James Simons.

Summer term, 10 weeks, taught by Lydia A. Dodge, of New Boston. Wages, \$23. No. of pupils, 22; average, 17; tardy, 26; dismissed, 5; not absent one-half day, 5; visits, 30; reading and spelling, 22; penmanship, 20; arithmetic, 15; geography, 9; grammar, 3; composition, 3; book-keeping, 2.

It requires time for teacher and pupils to know each other as is common when a stranger comes to teach. We entertained no fears for the school, for Miss Dodge came with the advantage of experience as a teacher. She conducted the school in a quiet but firm manner. We judge from the testimony given at the closing examination that satisfaction was given.

Winter term, 11 weeks, taught by Alvin Hadley, of Goffstown. Wages, \$35. No. of pupils, 21 ; average, 19 ; tardy, 171 ; dismissed, 7 ; not absent one-half day, 6 ; visits, 8 ; reading and spelling, 21 ; penmanship, 18 ; arithmetic, 18 ; geography, 9 ; grammar, 3 ; book-keeping, 7.

Mr. Hadley conducted this term as others in the past successfully. Judging from the general appearance of the school at our final visit, we are satisfied no change can be made for the better in the choice of a teacher for this school. Mr. H. in our presence spoke very highly of the good conduct of his pupils, acknowledging their many acts of kindness and respect to him as their teacher.

D.

#### DISTRICT No. 15.—Friends.

Prudential Committee, Wilson Thorndike.

Miss Ella D. Thorp, of Weare, teacher both terms.

Summer term, 8 weeks. Wages, \$30. No. of pupils, 19 ; average, 16 ; tardy, 32 ; dismissed, 4 ; not absent one-half day, 5 ; visits, 32 ; reading and spelling, 20 ; penmanship, 20 ; arithmetic, 13 ; geography, 5 ; grammar, 3 ; composition, 9 ; U. S. history, 1 ; physiology, 2 ; vocal music, 7.

Fall term, 12 weeks. Wages, \$30. No. of pupils, 24 ; average, 17 ; tardy, 58 ; dismissed, 10 ; not absent one-half day, 1 ; visits, 20 ; reading and spelling, 24 ; penmanship, 20 ; arithmetic, 17 ; geography, 3 ; grammar, 8 ; composition, 11 ; U. S. history, 4 ; physiology, 1 ; book-keeping, 4.

Miss Thorp is a faithful teacher, working hard and sparing no pains to instruct her pupils. The results of her labors in this school are very satisfactory.

W. L. C.

J. P. DEARBORN.

B. F. CILLEY.

W. L. COLLINS.

*School Committee.*

# STATISTICAL TABLE.
